Overview:

IDC 2026 is designed as a Hybrid Event, allowing participants to engage either in-person at Paris, France or Virtually, ensuring accessibility to a worldwide audience. The conference theme, "Harnessing Digital Health: Innovations in Infectious Disease Surveillance and Management," underscores our commitment to exploring transformative digital technologies in disease prevention and control.

Call for Papers

We invite participants to showcase their research and discoveries by submitting abstracts for consideration in the scientific sessions. A standardized submission template is available on the "Abstract Submission" page of the conference website. All accepted abstracts will be included in the extended abstract book, which will be available online and distributed to attendees at the conference.
